6. No writing instruments will be provided at the examination venue. Please bring the following items for the examination:

-
- H.B. pencils

You must put all your personal belongings in a bag. The bag must be properly closed and small enough to be placed under the chair or in an area assigned by the chief invigilator/invigilators before the examination begins. However, the PEAK Exam Centre will not be responsible for safekeeping your belongings. If you bring a pencil box into the examination venue, you must place the contents on your desk and put the empty box under the chair. You will not be allowed to take out any articles from your bag during the examination. If you are found to possess any unauthorised articles including but not limited to books, dictionaries, notes, papers, electronic devices, etc. that are not placed according to examination rules during the examination, you may be **disqualified** from the examination. If you are found to possess any kind of electronic devices (e.g. calculators, mobile phones, Bluetooth headphones/headsets, camera devices/equipment, electronic dictionaries, smart watches which support wireless technology or with mobile applications installed, smart glasses or other electronic devices which can store and/or display texts, record and/or play audio and/or video, etc.) that are not placed according to examination rules during the examination, even in the absence of any indication of cheating by you and regardless of whether any sound was emitted from it, (i) **3 marks will be deducted** if such electronic device is switched off; and (ii) **5 marks will be deducted** if such electronic device is switched on.

10. Switch off all mobile phones, Bluetooth headphones/headsets and other electronic devices, and ensure that no sound is emitted from these devices during the examination. Deactivate the alarm function before switching off your mobile phone and/or any electronic device.

12. You are not allowed to take photographs, audio-recording or video-recording inside the examination venue. Any photographs or recordings taken and their associated equipment would be taken away for further inspection and the photographs and/or recordings will be erased by the chief invigilator.
13. Environment of the Examination Venue
 - (a) If there are any undesirable conditions at the examination venue, you should inform an invigilator of the same immediately. Since it is difficult to collect circumstantial evidence after the examination, no consideration will be given to candidates who do not report unsatisfactory conditions at the venue in writing.
 - (b) In general, no consideration will be given to candidates' claims of performance being affected by any of the following factors:
 - (i) Normal background noise at examination venues – You should not expect complete silence at the examination venue as there may be normal background noise coming from outside vehicles, normal school activities, school bells, coughing and sniffing of neighbouring candidates, candidates entering and leaving the examination venue etc. during an examination.
 - (ii) Unsuitable room temperature – Examinations take place at various times throughout the year, and room temperatures of various examination venues may differ and the PEAK Exam Centre may not be able to adjust the examination venue temperature to suit each and every individual's requirements.
 - (iii) Change of seat – If the reported undesirable condition at the examination venue may be rectified or improved by a seat change, the chief invigilator may, upon your request, arrange a seat change if the need is genuine and a spare seat is available at the venue. In any case, no extra examination time will be given with regard to any change of seat.
14. Checking for electronic devices
You may be required to be scanned by electronic detection scanning devices (for example, hand-held metal detectors/wands) at such time and place, and in particular before/after going to the toilet, as may be decided by an invigilator. Failure to comply with such requirement will result in dismissal from the examination venue, and your examination fees will not be refunded.
15. Smoking or eating is not allowed at the examination venue. Candidates who smoke or eat during an examination may be **asked to leave the examination venue immediately**.
16. You are advised to bring a watch to time the examination as not all examination venues have a clock. Watches with functions/applications other than those of timekeeping are not permitted. The examination time is in accordance with the time announced by the chief invigilator.

D. Instructions during the Examination

1. Place your original identification document on the top right-hand corner of your desk to facilitate verification of your identity by the invigilator. The identification document presented must be the original and valid identification document stated in the Entry Form. Candidates must be clearly identifiable from their identification document. Where the invigilator is of the view that the photograph on the identification document does not resemble the candidate or has doubts about the validity or authenticity of the identification document, the candidate in question will be required to provide further information and assistance to the invigilator and/or chief invigilator for the verification of his/her identity. The PEAK Exam Centre and/or the EAA have the right to conduct an investigation against the candidate(s) involved and withhold releasing his/her score or cancel his/her score (if already released) pending completion of the investigation. Candidates should be cooperative. The EAA has the right to **disqualify** the candidate if he/she is not cooperative in the investigation. If you do not have your Admission Form during the examination, report to an invigilator immediately. Keep the Admission Form after the examination for record purposes.
2. Read carefully and carry out the instructions given on the question book and the multiple-choice answer sheet. Do not write your name on the question book or answer sheet.
