Students should return their student cards to the Administration Office upon cessation of their study in the programme (e.g. graduation / withdrawal / termination of study).

If a student card is lost or damaged, the student should report the case to the Administration Office as early as possible and apply for a replacement card for which a fee will be charged. PEAK will not accept responsibility for accidents arising from students' failure to observe these and other safety instructions.

2.5 Actions in Case of Fire Alarm

Students are strongly advised to note the fire escape routes on the floor plans and familiarize themselves with those routes and the procedures to be taken in case of fire or emergency. This information is posted up in each classroom of PEAK.

On hearing the fire alarm, all students should stop immediately what they are doing, follow the Fire Escape Procedures and / or the instructions issued by the teaching staff and to evacuate from the campus building and gather at the appropriate assembly point to await further instructions. While the fire bell is ringing, students should not use the lifts or enter the building.

Fire drills may be conducted at suitable intervals for students and staff to practice the evacuation of campus building for a fire or other emergency.

2.9 Intellectual Property

"Intellectual Property" (IP) means any discovery, creation, invention, design, get-up, trademark, commercially licensable technologies, database rights, confidential information, trade secrets, know-how or any research effort and all rights pertaining thereto whether registrable or not, including patents, copyright, trademarks, designs, utility models, or other such rights in any country, and applications for any of the foregoing. Intellectual Property Rights (IPR) are legal rights protecting the creator of IP, giving him / her economic rights and control in his / her creations.

In the course of study, students will make use of the equipment, facilities, or resources owned by VTC, including but not limited to drawings, data, sketches, documents, laboratories, stationery and consumables, and will receive guidance from teachers in generating ideas for assignments and projects and may, therefore, generate Intellectual Property which might be adopted for commercial use. Whilst the student will maintain ownership of the Intellectual Property in the materials he or she creates, each student irrevocably grants VTC a perpetual, royalty-free, world-wide and non-exclusive right to reproduce or use (in whole or in part) of the Intellectual Property materials created solely or jointly with other persons during his or her course of study. Such right to use will include, for example, to showcase the award-winning works of the students for publicity or display purpose. VTC will acknowledge the materials as the student's Intellectual Property. A student must observe the rules and regulations pertaining to VTC's Intellectual Property Policy in order to benefit from the continued enrolment and completion of his / her studies.

Any violation of VTC's Intellectual Property Policy is considered as a serious misconduct. Please refer to **Appendix I** for details of the Intellectual Property Policy for Students.

2.10 Guiding Notes on Using or Photocopying of Copyright Works

In general, copyright is the right given to the owner of an original work (e.g. a piece of writing and software programme), whose creativity has to be protected. Students will be held personally responsible for any breach of the copyright law in using / photocopying copyright works, or using unlicensed computing software for private study. Copying does not only include photocopying but also includes scanning and storing information in

hard disc or other electronic or optical media (e.g. uploading to servers). Transmission of materials by fax is also considered as copying. Students are advised to get a basic understanding of Copyright in Hong Kong by referring to the website of the Intellectual Property Department of the HKSAR (www.ipd.gov.hk).

Students should respect Intellectual Property. They should purchase textbooks and reference materials that are required for their study instead of copying it.

Notes and programme materials provided to students by lecturers or PEAK are works protected by copyright and shall be used by students only for private study.

Students are not permitted to copy any textbooks, notes and programme materials, either in printed or electronic format, or to redistribute them to other people who are not registered on the studying programme concerned in any ways, such as uploading to servers, etc. Video taking or recording during lessons without permission is prohibited.

2.14 Information Security Guidelines for Students

Implementation of Strong Passwords and Authentication Mechanisms

- (1) Students are required to create unique, complex passwords for all your accounts, including but not limited to email, social media, and campus login platform. Passwords should be a minimum of eight characters in length and incorporate a combination of uppercase letters, lowercase letters, numerals, and symbols. Password should not be reused across multiple accounts.
- (2) Students should enable two-factor authentication (2FA) whenever possible to add an extra layer of security. This requires an additional verification step, usually through a code sent to a phone or email, or generated via an authentication application.
- (3) Students must not disclose their passwords with anyone or write them down on a sticky note.

Vigilance with Public WiFi Networks and Shared or Public Computers

- (1) Students should refrain from accessing confidential or personal accounts or information when the device is connected to public WiFi networks, as they can be less secure.
- (2) Students should avoid accessing confidential or personal accounts or

information via shared or public computers.

- (3) Students should log out of all accounts and erase the browser history upon completion of tasks on shared or public computers.

Adoption of Safe Online Practices

- (1) Students should remain alert to social engineering tactics designed to manipulate individuals into divulging confidential or personal information or granting access to their devices. Students should be vigilant regarding requests for personal information or account access.
- (2) Students should be cautious of phishing attempts aimed at obtaining confidential or personal information through various means such as email, SMS, websites, QR codes, WhatsApp, or other social media messaging platforms. Students must not click on suspicious links or open attachments from unknown sources.
- (3) To assist students in verifying the identity of SMS senders, the VTC has registered in the SMS Sender Registration Scheme, and will use the “Registered SMS Sender IDs” (details at **Appendix VI**) with prefix “#” to send SMS messages to students in Hong Kong.
- (4) Students are advised to adjust privacy settings on social media platforms to manage visibility and access to their information and posts.
- (5) The sharing of confidential or personal information online, particularly on social media platforms, is strongly discouraged.

Securing Personal Devices

- (1) Students should install reputable antivirus and anti-malware software, with recommendations available from Hong Kong Computer Emergency Response Team (HKCERT). This software is crucial in defending devices against various cyber threats.
- (2) Students should regularly update the operating systems, software, and applications as the updates frequently contain security enhancements that address known vulnerabilities.
- (3) Students should be aware of their surroundings and should not leave their devices unattended. Devices should be locked when not in use.
- (4) Students should not permit others to use their devices without their supervision.
- (5) Students should protect their hard drive or storage devices with password to secure data in the event of theft or loss.

Protection of Academic Work

- (1) Regular backups of academic work are obligatory. Cloud storage or external hard drives should be utilized to create copies of essential files for safeguarding against data loss due to device failure or cybersecurity incidents.
- (2) When sharing academic work with others, files should be secured with password or encryption.
- (3) Prior to online sharing of academic work, students should evaluate the potential consequences.
- (4) Students should be aware of plagiarism. Proper citation of sources is required, and submission of work that is not their own is strictly prohibited.

Reporting of Security Incidents

In the event of a suspected account compromise or a security threat, students are required to immediately report to the Administration Office or relevant authorities.

Self-learning on Information Security

- (1) Students are expected to acquaint themselves with these information security guidelines and adhere to them diligently.
- (2) Staying abreast of the latest cybersecurity threats and best practices is encouraged, including participation in information security workshops or seminars organized by Hong Kong Computer Emergency Response Team (HKCERT) and Office of the Privacy Commissioner for Personal Data (PCPD).
- (3) Students are advised to be proactive and take steps to protect their data.
- (4) Students should stay vigilant of information encountered online and be aware of potential risks.

3. Fees and Financial Assistance

3.1 Tuition Fees

All students are required to pay tuition fees and other fees for services provided upon a student's request.

It is the responsibility of students to pay tuition fees. If students fail to settle the fees by the due date for payment without valid reason(s) and prior written approval from the Principal of PEAK, they will be suspended from study and will be barred from classes, examinations, the use of library, and other facilities and services.

Students should note that their study transcripts, award certificates and related certification will be withheld if they have any outstanding fee under

the current studying or previous studied programmes (including but not limited to tuition fees, other charges, library fines, cost of repair / replacement of damaged / lost equipment / books) owed to PEAK or VTC.

Students who have withdrawn or are de-registered from their study with an outstanding fee are still required to clear the outstanding debts in respect of their previous study when they are re-admitted to another or the same PEAK / VTC programme in future, even if the outstanding fees are revealed after class commencement.

PEAK reserves the right to take other actions, including legal proceedings, against students if deemed necessary to recover the unpaid fees.

3.2 Deferred Payment of Tuition Fees

Students who have genuine financial difficulties in settling the tuition fee before the payment deadline may apply to the Principal of PEAK to defer the payment of tuition fee. Application for defer payment should be made in writing and submitted to the Principal of PEAK via the Administration Office at least 10 working days before the payment deadline. If the application for deferment is approved, the student will receive a written reply from PEAK prescribing the new payment deadline.

If the student eventually fails to settle the outstanding tuition fee by the deferred payment deadline, the students' registration status will be nullified and all fees paid will not be refunded.

3.3 Refund Policies

Tuition fees paid are normally not refundable except in the cases of programme cancellation.

For Continuing Education Fund (CEF) Reimbursable courses, students are advised to consult the CEF leaflet for the refund policies and refund arrangements.

3.4 Financial Assistance

Where applicable, students with financial hardship and meeting the eligibility of respective schemes may apply for financial assistance offered by the Government's Student Finance Office of the Working Family and Student Financial Assistance Agency. Details of the Government Financial Assistance Schemes are available at www.wfsfaa.gov.hk/sfo/tc/index.htm.

3.5 Fees for Services Provided to PEAK Students

Various services, including module exemption and replacement of Award Certificate, are provided by PEAK upon a student's request at a charge of fee. A list of fees and charges for the main services of PEAK is given at **Appendix II**. Students are also advised to contact the Administration Office direct for details and enquiries related to the payment of fees.

4. Pursuing a Programme

4.1 Enrolment in Programmes

Students have to fill in the enrolment form, either in paper format or through online application, and follow the “Notes to Applicants” in the form to apply for programmes.

Enrolment deadline of all programmes is 7 working days (exclusive of Saturdays, Sundays and public holidays) prior to class commencement date (the enrolment deadline might be subject to change depending on the enrolment status).

Classes will be conducted in different modes, including face-to-face teaching, online teaching and learning, practical training as deemed appropriate. Students may be required to attend classes at other VTC campuses. Any fees paid are normally not refundable unless the programme is cancelled. PEAK reserves the right to cancel any programme, revise programme title, content or change the offering Institute(s) / campus(es) / class venue(s) if circumstances so warrant.

4.2 Notification of Class Commencement

Successful applicants will be notified of the class confirmation and relevant information by the contact method specified on the enrolment form at least 3 working days (exclusive of Saturdays, Sundays and public holidays) before class commencement. PEAK will not be responsible for the loss of class notification sent by mail. Please contact PEAK’s Administration Office if you do not receive the notification before the class commencement.

4.3 Maximum Registration Period

Each Postgraduate Diploma / Professional Diploma / Professional Certificate / Certificate programme has a Maximum Registration Period (MRP), i.e. the maximum number of years a student is allowed to complete the programme, which is 4 years. Students who fail to complete the programme within the MRP will normally be de-registered from the programme.

4.4 Credit Transfer and Exemption Policy

Students can apply for credit transfer[^] and / or exemption in specific modules of the programme and the respective Programme Committee will consider each application on an individual basis. Normally, a student is not allowed to meet the credit requirements of the programme through 100% credit transfer. Exemption for more than 50% of the credit values will not be granted. An administrative fee will be charged for credit transfer and module exemption applications. For details, please contact the Administration Office.

[^]Credit transfer is not applicable to Postgraduate Diploma

4.5 Assessment for a Module

The assessments for a module may include End-of-Module Assessment (EA) or Continuous Assessment (CA) or both. Both EA and CA can be in the form of laboratory work, assignments, tests, examinations, projects,

case studies, practical assessments, and performance appraisal, etc. The contribution of EA and / or CA to the Module Mark would be specified in the relevant programme document.

The minimum pass mark for a module is 40%, which is the minimum requirement in each assessment. Criteria on passing a module may vary in different modules / programmes, so students should refer to the relevant programme document or contact the Programme Leader for enquiries.

4.6 Reassessment Mechanism

If students fail an individual assessment of a module, they may be allowed to take a reassessment in order to make up for the shortfall under the condition that the students fulfill the attendance requirement and / or other requirements specified for individual modules / programmes. Students passing the reassessment shall be awarded a mark of 40%, or the minimum pass mark, for the assessment component concerned in the calculation of the Module Mark. For students who are granted reassessment for individual assessments within a module based on mitigating factors beyond the students' control, the actual mark obtained in the reassessment will be used in the calculation of the Module Mark.

Under any circumstances, there will not be a second reassessment for individual assessments.

4.7 Examinations and Assessments

Examination periods of each module / programme will be announced at least one month before the examination. Students must make themselves available for the whole examination period, not just those examination days published in the examination time-tables as examinations may be re-scheduled due to unforeseeable circumstances such as adverse weather.

If students fail to present themselves for examination at the time and place published in the examination schedules, they are deemed not to have fulfilled the requirements of the module(s) / programme concerned and will be failed in the module(s) / programme, unless permission to the contrary has been given by the Principal of PEAK.

Application for granting of reassessment on grounds of mitigating factors (e.g. on medical ground) must be accompanied by documentary evidence (e.g. valid medical certificate issued from a registered doctor (註冊西醫) or Chinese medical practitioner (註冊中醫)) and submitted by the student to Programme Team normally no later than 3 working days after the day when the assessment is held. Medical certificates issued by listed Chinese medical practitioners (表列中醫), medical appointment notices and medical appointment attendance slips are normally not accepted. PEAK has the discretion to determine whether evidence presented by the student constitutes a valid reason for granting reassessment. For students who are granted reassessment for individual assessments based on mitigating factors beyond the students' control, the actual mark obtained in the reassessment of the component concerned will be used in the calculation of the Module Mark / Grade. Irrespective of the result of the application, an administrative fee may be charged for reassessment.

If a student is absent from the examination without a valid reason, he / she may not be allowed to re-sit the examination, if applicable.

Individual programmes may have different guidelines for the arrangement of supplementary examination. Students should refer to the programme document or contact the Programme Leader for details.

Documents supporting absence from examination should be submitted to the Administration Office of PEAK **immediately and in no case later than 3 working days** after the examination of the module / programme concerned is held. Documents submitted after the relevant Board of Examiners meeting will normally **not** be accepted.

VTC does not tolerate any unlawful acts of discrimination, harassment, vilification or victimization.

Both staff and students have the duty and responsibility towards creating a fair, harmonious and favourable environment where the dignity of each and every one must be respected and an equality of treatment upheld.

The definitions and some examples of sexual / disability / racial discrimination / harassment are provided in the paragraphs hereinafter. Students may visit the website of Equal Opportunities Commission (www.eoc.org.hk) for further information.

Sexual Harassment

Under the Sex Discrimination Ordinance, any unwelcome act of a sexual nature, or any verbal or physical conduct of sexual nature which creates an intimidating, hostile or offensive environment is considered as sexual harassment which is prohibited under the Ordinance. For instance, students telling sexual jokes, shouting obscene slogans or displaying pornographic materials on campus might have created a sexually hostile environment for other students / staff and would be legally liable for such act.

Disability Harassment

According to the Disability Discrimination Ordinance, disability harassment means unwelcome conduct towards a person on account of his / her disability, or towards this person's associate, where a reasonable person, having regard to all circumstances, would have anticipated that the person with the disability would be offended, humiliated or intimidated. Examples may include an oral or written statement, e.g. insulting remarks or offensive jokes about a person's disability.

Racial Discrimination

Treating people less favourably on the basis of their race or engaging in an unwelcome, abusive, insulting or offensive behaviour because of the race of another person or his / her associate (e.g. relative, carer), which makes the person feel threatened, humiliated or embarrassed might have contravened the Race Discrimination Ordinance and would entail legal consequences. Examples may include racist jokes, banter, ridicule or taunts; for example, laughing at the accent or habits of people belonging to certain racial groups.

Students should avoid engaging in these unlawful acts of discrimination, harassment and vilification on or outside campus premises and students committing any of such acts would be liable to disciplinary action.

A person who feels distressed or humiliated by certain act of harassment may speak up at the time and tell the harasser that his / her behaviour is unwelcome and has to be stopped. If any student considers that he / she has been subject to such harassment and wishes to lodge a formal complaint, he / she should lodge the complaint to the Administration Office of PEAK as soon as possible. Appropriate actions will then be taken by PEAK. Strict confidentiality will be observed.

6.4 Suggestions and Complaints

PEAK is very keen to receive feedback from students on all aspects of the Institute. PEAK has put in place various communication channels / methods for students to convey their views and feedback. Student may make a suggestion on any campus matter by raising it with Lecturers, Programme Leader, Administration Office, or the Principal.

There is a Complaints-handling Officer in PEAK to ensure that each complaint is processed expeditiously and properly. If a student wishes to lodge a complaint, he / she may forward it to the Programme Leader or the Administration Office. No complainant will be victimized or penalized for raising a complaint in good faith. However, a student making malicious complaints may be subject to disciplinary action.

Complainants are expected to identify themselves. Complaints should also be lodged in a timely manner. The Principal will consider the content of an anonymous complaint / a complaint involving incidents happened for more than one year, and decide whether the complaint should be further processed.

All complaints will **normally be acknowledged in writing within 5 working days** from receipt of a complaint. The findings of the investigation will normally be communicated with the complainant within 14 working days after acknowledgement of receipt of the complaint via suitable means.

agreement of the parties concerned. In this context, “sponsor” means support from the company or VTC, which could include financial assistance (cash or in kind), use of company’s or VTC’s equipment and facilities, and access to company’s or VTC’s confidential data, drawings, sketches, and documents relating to the project.
